A good future starts with a good preparation since childhood

Monthly activity report

Launch of the association

Donations received between the association creation and January 2018

Total of **694.32 euros / 856.54 dollars / 455,443.36 frs cfa.**

Actions planned

Donations received do not allow us to take significant actions for the moment. Thus, we'll keep going with the 2 campaigns: "Promote the association" & "Recruit regular contributing members".

As soon as donations allow it, first actions will be taken in accordance with the association's 3 goals :

- Provide basic needs
- Support child education
- Thanks to secure projects, promote the financial autonomy of orphanages and houses/places where child beggars live

Number of regular contributing members

The association currently has 3 regular contributing members.

Getting new ones will help take more actions to support orphans and child beggars.

Each contributor can define the amount of his/her donation and the frequency. S/He can also end her/his contributions any time.

If you want to make a donation or become a regular contributing member, the following means/channels are available: a bank account in Senegal, a bank account in France, a Paypal account that can be used in all countries, an Orange Money account.

Bank details and all necessary information can be found on the association website www.parisurlenfance.com on the « How to help ? » tab.

Please do not hesitate to contact us on partenaires-donateurs@parisurlenfance.com for any question or to be count among the regular contributing members.
